

Volunteer Opportunities

Nurse Practitioners, Nurses, Pediatricians & Family Doctors

Health Screening for Low Income Children and Families

Children First, A Merage Foundation, is recruiting active volunteer Nurse Practitioners, Pediatricians and Family Doctors for an innovative health screening program at El Sol Academy, a unique Charter School in Santa Ana (www.elsolacademy.org). Health screenings link family members often for the first time to a health care system.

Please call & give back to your community:
